Digital images may be in the following file formats:

• -jpeg (extensions: .jpg, .jpeg, .jpe)

If you can, size your image files to be no larger than 640 x 480 pixels and under 300kb in size. If this is a difficulty, send as is and we will size them. You should send a minimum of 5 images but no more than 10. If you have questions about file types or sizes, contact Dale Johnson at dale.johnson@wisconsin.gov.

Instructions:

Enter information about each of your digital images beginning on page 3. Digital image files should be named so that it is easy to tell which image corresponds with which information. This information will be used to present your work to the jury of the Portal Wisconsin on-line gallery and will appear on the website if your work is selected.

When filling in information about medium categories and subcategories for your artwork, please use the chart listed on the following page. You may choose more than one category or subcategory for a particular piece when necessary. Note that not all categories have subcategories.

Please type or print legibly.
